

Introduction Protocol

PrimeLink Global | Governance Framework | Version 1.0

Purpose

Explains how PrimeLink Global evaluates, approves and conducts professional introductions.

Step 1 - Introduction Request

- The requesting party provides name, company, industry, objective, geographic focus and desired connection profile.

Step 2 - Preliminary Assessment

- PrimeLink reviews alignment, reputation, relevance, verification status and potential value before proceeding.

Step 3 - Permission-Based Consent

- PrimeLink does not share contact details without consent. Both parties receive a short introduction summary before contact is made.

Step 4 - Formal Introduction Channels

- Introductions may be conducted via email, LinkedIn, WhatsApp or video call. The introduction includes background, objective and reason for alignment.

Step 5 - Independent Discussions

- After introduction, parties communicate directly. PrimeLink may remain involved only where requested or agreed.

Step 6 - Follow-Up

- PrimeLink may follow up after 30, 60 or 90 days to understand whether value was created and whether further support is required.

Declined Introductions

- PrimeLink may decline introductions where verification is incomplete, conflicts exist, reputation concerns arise or alignment is unclear.
